

HELPFUL TIPS *for Success*

5 Common First-Time Homebuyer Mistakes

1. **They don't ask enough questions** of their lender and miss out on the best deal.
2. **They don't act quickly enough** to make a decision and someone else buys the house.
3. **They don't find the right real estate professional** who is willing to help you through the homebuying process.
4. **They don't do enough** to make their offer look good to a seller.
5. **They don't think about resale before they buy.** The average first-time buyer only stays in a home for four years.
